TOWN WARRANT

STATE OF NEW HAMPSHIRE CARROLL, SS.
To the inhabitants of the Town of Conway, County of
Carroll, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House at
Center Conway, New Hampshire, March 13, 1945 at Nine
o'Clock in the forenoon to act upon the following subjects:

ARTICLE 1. To choose all necessary Town officers.

ART. 2. To see what sum of money the Town will vote
to raise and appropriate for the following purposes:

Section A Town Officers' Salaries
B Town Officers' Expenses
C Election and Registration
D Municipal Court
E Town Hall and Office Expense
F Damage and Legal
G Police Department
H Fire Department
I Payment on Bond Issue
J Health Department
K Vital Statistics
L Town Maintenance of Highways (Summer)
M Town Maintenance of Highways (Winter)
N Libraries
O Town Poor
P Old Age Assistance
Q Memorial Day
R Soldier's Aid
S Parks and Playgrounds
T Interest on Bonds and Temporary Loans
U County Tax

ART. 3 To see if the Town will authorize the Selectmen
to distribute the blank inventories at the time they examine and
appraise the property to be taxed.

ART. 4. To see if the Town will vote to authorize the Selectmen to hire upon the credit of the Town the sum of \$60,000.00 if needed.

ART. 5. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate however acquired by the Town. This authority to continue until rescinded by some future Town Meeting.

ART. 6. To see if the Town will vote to accept Town Road Aid and raise and appropriate the sum of \$895.96 for that purpose.

ART. 7. To see if the Town will vote to raise and appropriate the sum of \$1,984.50 for class 2 roads, to be placed in a trust fund for the duration of the War, for the above purpose.

ART. 8. To see if the Town will raise and appropriate to the White Mountains Region Association, for the purposes of publicizing and promoting the natural advantages and resources of the town together with other towns in the region, a sum not to exceed 10c per \$1,000 of the assessed valuation of the town for 1944. Agreeable to a petition signed by George W. Russell and others.

ART. 9. To see what sum of money the Town will vote to raise and appropriate for the Eastern Slope Region. Agreeable to a petition signed by Carroll Reed and others.

ART. 10. To see if the Town will vote to accept as a Town Road the road locally known as Neighbors Row, located in Intervale, N. H., from its junction with highway 302 to the junction of private driveways of Nichols, Zantzinger, Ela and Davis. Agreeable to a petition signed by Robert N. Davis and others.

ART. 11. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for assistance in maintaining the Memorial Hospital, North Conway, N. H. Agreeable to a petition signed by Frank E. Kennett and others.

ART. 12. To see if the Town will vote to authorize the Selectmen to appoint one or more Highway Agents, who under the direction of the Selectmen shall have the same power and perform the same duties as a Highway Agent elected by the town.

ART. 13. To see what sum of money the Town will vote to raise and appropriate for the purchase of Highway Equipment to be placed in a Capital Reserve fund until such time as the equipment is available.

ART. 14. To see if the Town will vote to raise and appropriate the sum of money sufficient to surface and tar the Semi-Circle roadway by the Boston & Maine Station in North Conway. Agreeable to a petition signed by Harold O. Cady and others.

ART. 15. To see if the Town will vote to support United States membership in a general system of international cooperation such as that proposed at the Dumbarton Oaks Conference, having police power to maintain the peace of the world.

ART. 16. To act upon any other business that may legally come before said meeting.

Given under our hands and seal at Center Conway, N. H., this 26th day of February, 1945.

JOHN N. LEIGHTON
CHARLES E. DAVIDSON
WILLIAM H. FARRINGTON

ALICE S. POLLARD,

Librarian

LIBRARY REPORT

To the Citizens of Conway:

The \$220.67 listed under repairs included refinishing the floors of the main hall and reading room, mending the roof, and minor repairs on the furnace. In the near future the town should allot an adequate sum for the refinishing of the interior of the library.

Judged by the money appropriated for our libraries, Mrs. Gertrude Snow, at Center Conway, Miss Alice Pollard and Mrs. Persis Berry at Conway have given the townspeople most commendable library service.

Quoting from the American Library Association, "Every library is faced with the challenge to take an intelligent part in the peace, to make personal readjustments, and to help toward a better life for all the people. How successful the postwar world will be depends largely on adult education directed towards these purposes. How successful libraries will be in adult education will depend on each library and upon its cooperation with other education agencies in the community. Every public library, large or small, can be, or is potentially, a self-education center."

Let us in Conway prepare our libraries to reach this goal.

Respectfully submitted

REPORT OF FIRE WARDEN

Help the War Effort by Preventing Forest Fires

NO ONE is exempt from helping to win the war! EVERYONE, regardless of age, has his or her place in the overall effort! Some men, because of age, are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in large numbers, are serving with the armed forces as nurses and members of the several women's military organizations — WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage in manpower, purchasing bonds, assisting in numerous patriotic undertakings, maintaining home morale and, on the whole, carrying on with a cheerfulness and determination that is typically American. Yet, despite the time, thought and effort we are all putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our carelessness with fire. Lumber has gone to war in a BIG WAY! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the war's business by taking men from their important work in industry and on the farm and reduces production of necessary war materials and food. Forest fires require the spending of much money and material that might otherwise be diverted into vital war channels. Forest fires are, for the most part, unnecessary and avoidable for

ninety-eight percent of such fires are, annually, the result of human carelessness — yours and mine. This can and should be remedied — NOW! YOU can HELP THE WAR EFFORT by PREVENTING FOREST FIRES. The rules of the game are simple.

1. *Always* be careful with fire in or near woodlands.
2. Comply with regulations governing the use or starting of fires there. Remember
 - a. You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.
 - b. Be sure your match, cigar, cigarette and pipe ashes are OUT before dropping them.
3. Be fire-minded NOW as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself-

HELP THE WAR EFFORT BY PREVENTING
FOREST FIRES

The 1944 fire record for our town is:

Number of fires — 2

Acreage burned — 4.25

Number of permits issued — 31

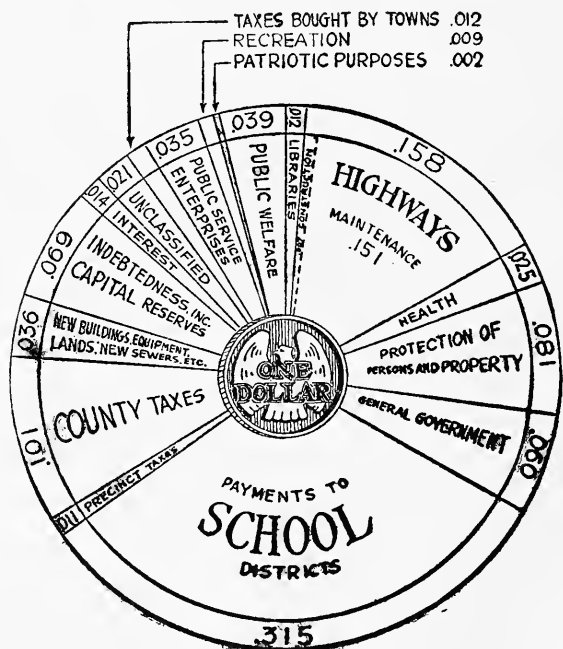

L. T. SAVARD

Forest Fire Warden

How Your Town Dollars Are Spent

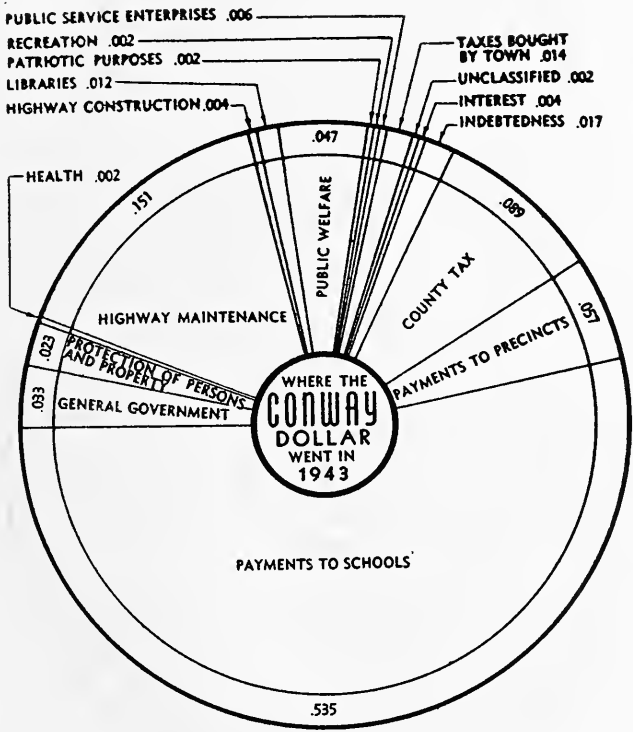

The four "pie charts" which follow are inserted to show the proportion of town expenditures by various departments, and to give a means of comparing them with the average of all New Hampshire towns and cities.

The first, supplied by the New Hampshire State Tax Commission, shows the state-wide average for the fiscal year ending January 31, 1944. Figures for the year ending December 31, 1944, are not yet available.

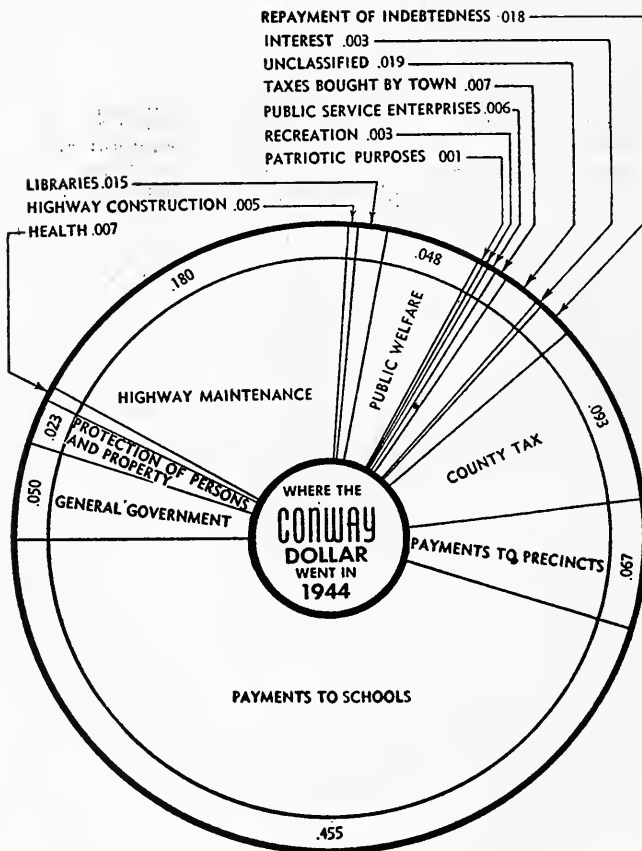

How the average town and city dollar was spent in New Hampshire in the fiscal year ending January 31, 1944.

The second, repeated from last year's town report, shows how Conway dollars were spent in 1943.

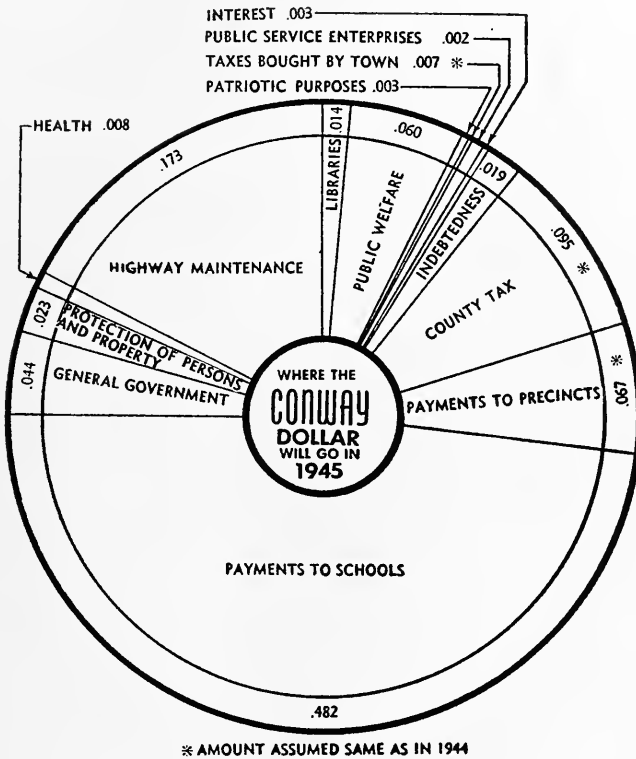

Annual Report

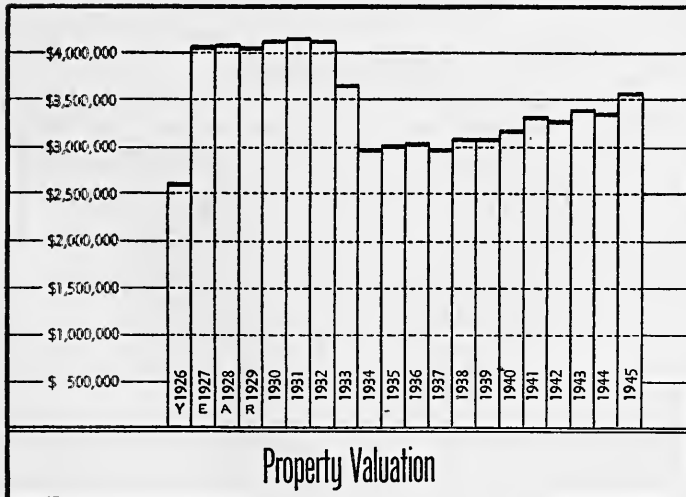

The third shows the 1944 distribution of expense, for comparison with the previous year as well as with state averages.

The fourth is compiled from the budget. It is only an estimate, since its final appearance will depend on action taken at the town meeting as well as several other factors which vary during the ensuing year.

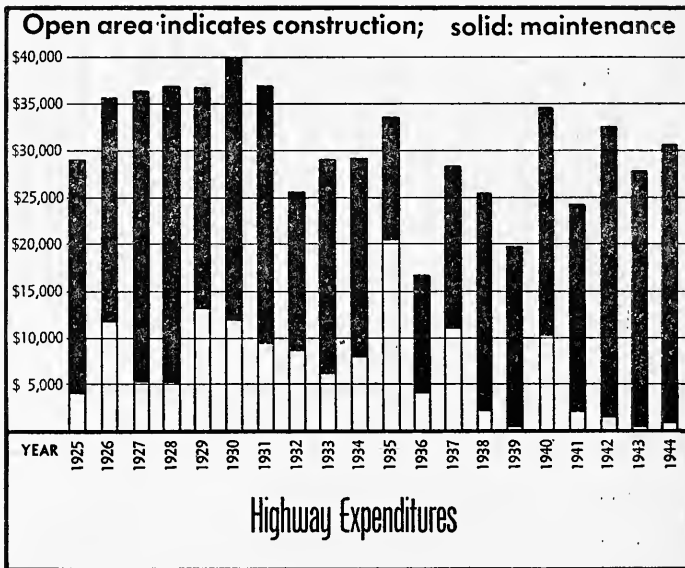

towns, and the number of pupils in various years may or may not include those outside pupils.

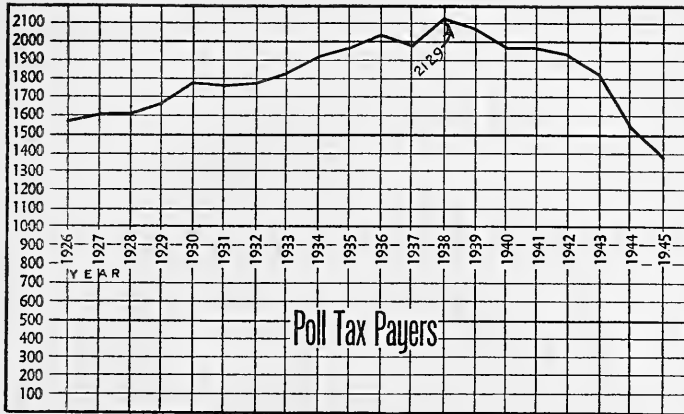

Tax Rate: Some variations in the property tax rate have a definite relation to the *property valuation* in corresponding years; the two charts should therefore be considered together.

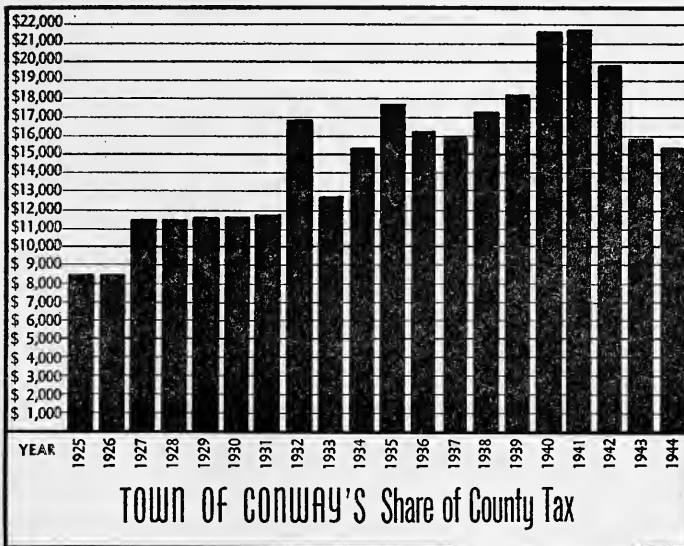

County Tax: This is included since at present it constitutes nearly one-tenth of all town expenditures.

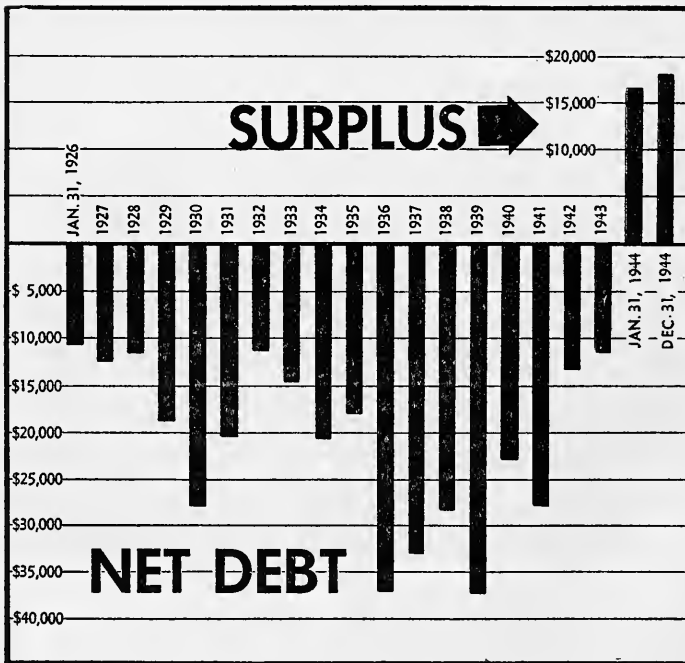

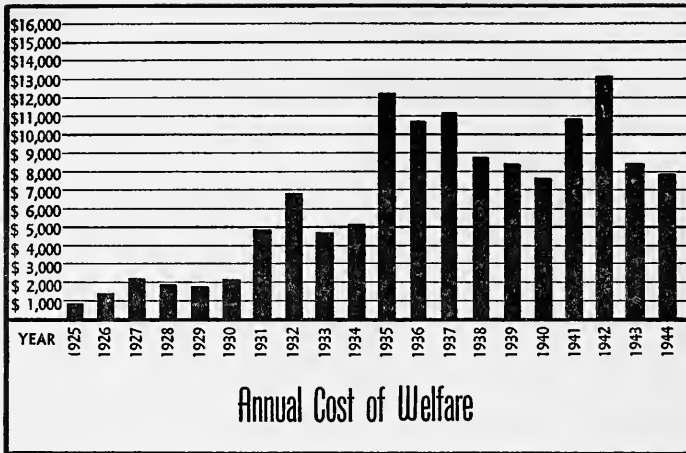

Highway Expenditures: Though the cost of maintenance shows recent small increases, the greatest variations in this item of expense will be found due to highway construction.

Poll Tax Payers: This gives a fair idea of the effect of the war on the town's population. More than half of the drop from the 1938 peak are in the armed forces or similar service; most of the remainder have left for employment in war industries.

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Conway, County of Carroll, qualified to vote in School District affairs:

You are hereby notified to meet at the Town House in said District on Tuesday, March thirteenth, 1945, at two-thirty o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a member of the School Board for the ensuing three years.
5. To choose a member of the School Board for the ensuing two years.
6. To choose two Auditors for the ensuing year.
7. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations and debt of the district, as determined by the school board in its annual report.
8. To see if the school district will vote to instruct the school board to take the necessary steps making available adequate facilities at the Center Conway school to accommodate the primary and grammar school students of the East Conway district, furnishing transportation for the same, and to see what sum of money the district will vote to raise and appropriate for this purpose, agreeable to a petition signed by Edward R. Weeden and others.
9. To see what sum of money the district will vote to raise and appropriate to enlarge, repair and equip the East Conway School building, agreeable to a petition signed by Lyndall F. Fernald and others.

10. To see if the District will vote to authorize the school board, in the name of the District, to contract with the trustees of Fryeburg Academy for instruction of the high school pupils from East Conway, and to see what sum of money the District will vote to raise and appropriate for the ensuing year.

11. To see what sum of money the District will vote to raise and appropriate for insurance for the ensuing year.

12. To see what sum of money the District will vote to raise and appropriate for repairs and new equipment for the ensuing year.

13. To act upon any other business that may legally be brought before this meeting.

Given under our hands at said Conway this twenty-sixth day of February, 1945.

Report of Superintendent

To the School Board and Citizens of Conway:

During the past year and a half there have been grave and sometimes insuperable obstacles in the way of maintaining school facilities in accord with a normal pattern. It can be said that Conway has suffered less than many communities, due in part to cooperation all along the line and in part to good luck. The dominant purpose in every heart is, of course, to win the war completely and as soon as possible. Schools do, however, have a high priority among the secondary objectives of our patriotic endeavor. Nevertheless, only a fool will fail to make allowances for the exigencies of a nation engaged in a total war.

Increasing costs are inevitable for all labor, materials, transportation and other services. This, however, is not so critical as the lack of teachers.

There are available about two qualified professional teachers for every three jobs. The remaining positions are filled by former teachers who have returned to work, wives of servicemen, and emergency teachers often with little training and aptitude. Most of these will return to their homes when the war is over. The colleges and normal schools are graduating only two-thirds of their pre-war number. In 1948 due to the increasing birth rate, there will be nearly a half million more pupils in the primary grades than there are now. The peak of the crisis will not be reached for three or four years. The only answer is that teaching must be made more attractive to high quality men and women as a life profession and not as a make-shift.

In many instances it is impossible to find living conditions for out-of-town teachers. It is a matter of record that we have lost many excellent candidates for this reason alone.

The fire at the Conway graded school on February 19, 1944, was a misfortune, but not a disaster. The building was saved by the magnificent effort of the Conway firemen and

temporary repairs were made so that school was resumed within a few days. The settlement of the insurance companies was eminently fair and adequate to put the building back into excellent condition. Because most of the damage to walls, ceilings and other areas was replaced with new material, the building is in better condition than before the fire.

A summary of the fire damage account is given below. All items of expense due directly or indirectly to the fire are charged in this account. A few additional improvements were made and these were charged in the special repairs account. These include new drinking fountains, and the fitting out of the old primary building for school lunches.

SUMMARY

Paid by insurance companies		\$8,909 80
Charged to fire loss account		8,044 00
Labor	\$3,980 00	
Material	2,948 00	
Replacement of equipment	205 00	
Electrical contract	710 00	
Unclassified (including insurance)	210 00	

<i>Total</i>		\$8,044 00

The school lunch room in the old primary building should be visited by all who can find it convenient to do so. It is a model of what we should have in every school. The Parent-Teachers Association of Conway have done a magnificent job in organizing the school lunch program.

At the close of the fiscal year, June 30, 1944, we had an apparent considerable balance. About \$2000 was insurance still unexpended as the repairs at the Conway School were still in progress. Part of the remainder of the balance was expended for special repairs for which no appropriation was made. These include painting the Conway Center school, inside painting, new curtains and electrical wiring at North Conway, and inside painting at Kennett High School. At the end of the

current fiscal year in June, so far as we can anticipate, we shall have a balance, but it will not be large.

Last year I called to your attention the overcrowded condition at the Shirley School in East Conway. The same situation continued this year and in December I met practically all the parents to hear suggestions and give information. There was no disposition to ignore the difficulties but there was a seeming unanimity that something ought to be done at once. In early January the school was reorganized so that Mrs. Richards has the upper grades from 8 a.m. to 1 p.m., and Mrs. McKeen has the primary grades from 1 p.m. to 4:30 p.m. Under this arrangement the pupils are receiving as much instruction as they would get in any one-room school. There are difficulties, however, in transportation, and the timetable is inconvenient to parents. There are solutions which could be suggested in conditions other than the war conditions that confront us. I know of no answer to the problem at this time which will not involve compromises of conflicting points of view. The basic difficulty is that the school has outgrown the limitations of a 20-pupil classroom. Moreover, the building is in very poor repair and if it is to be used, it must be put into better condition this summer.

In normal times it was possible to make a budget for the following year with considerable accuracy. Today it is merely careful guesswork. The obvious procedure is to raise sufficient funds and expend them with care and economically. It is assumed that it is the will of the citizens and parents that the school board continue their endeavor to maintain good schools in spite of increasing costs.

If we could afford the expense, it would be helpful to have a survey made of our school organization by a board of expert school administrators, who, without prejudice, could tell us what it all looks like from the outside. Nevertheless, we *may* be doing the best possible under existing conditions. Your superintendent has lived with our problems a long time and is convinced it is not good business to have unused school facilities in some places and overcrowding in others.

Nor is he convinced that the high school should operate indefinitely as a one-session school. There are other matters that will occur to you if you read this report to the end.

The geography of the town and the distribution of the population are factors which produce a high total cost, but they are factors that cannot be changed. There have been considerable shifts in population also which have complicated the situation. High school transportation is necessary and justifiable, but it is an item that many school districts do not have. In general under the present set-up our administration is both prudent and economical. We have about 25 pupils to a teacher which means that we do not have too many teachers. Excellent as our teachers are, they are not too good for us and they are not overpaid. The problem I am raising is strategic and not tactical. Is a reorganization possible which would result in better schools and on a long term basis, more economy or at least getting more for the money spent? The superintendent might be qualified to give the answer, but the answer when made should be the considered judgment of the citizens of this town.

The remainder of this report is given to a limited survey of our schools separately.

KENNETT HIGH SCHOOL — Here we have a modern, well-staffed high school, valued at well over a quarter of a million dollars which cost the Town of Conway \$85,000. Because of necessity in a time when there were no big busses and roads were primitive and unplowed, the hours of the school session are dependent upon the timetable of the Boston and Maine Railroad. From the standpoint of health, convenience, and school progress, a two-session school would be much better. It might be possible to synchronize the hours of opening the high and elementary schools so that the same busses could take care of both the high school and a part of the elementary transportation. Three busses would probably be sufficient. There would still be left some elementary transportation on secondary roads.

NORTH CONWAY — The building was not designed for a school but was fairly adequate until the number of classrooms exceeded five. There are seven teachers now in this school and there should be eight. No architect was ever born who could make this building into an acceptable eight room school. It would be possible, however, to divide the assembly room into two class rooms. This would be expensive as the light area would have to be increased and of course the school would entirely lose the use of the room as an assembly hall.

REDSTONE — Here we have an excellent two-room building capable of accommodating 70 pupils. The location is excellent with a large playground. It is not in use at present but should be kept in repair. At present it is surplus non-productive property.

CONWAY CENTER — This is a modern 4-room school with ample light, water, ventilating system, and large playground. With the exception of the high school it is the best school building in the town. There was one unfortunate error in planning the building as all rooms have a 24-pupil capacity instead of the standard 35. It could accommodate 104 pupils if necessary. Two rooms are used now. One of the vacant rooms has heat but there is no radiation in the other. Neither vacant room has any school furniture, and the ventilating system and radiation on the west side were wrecked by a freeze-up in the dim past.

SHIRLEY SCHOOL. This is a 20-to-24-pupil room accommodating 35 to 40 pupils unless operated on a two-session basis as is done now as an emergency measure. It needs painting inside and out, new toilets and heater. Seats are non-adjustable and obsolete. High school pupils from this area attend Fryeburg Academy and their tuition is paid by Conway at an expense this year of \$1750 and more next.

CONWAY GRADED SCHOOL — The building is well planned, in excellent condition and well kept. There are six

35-pupil class rooms. Lunch facilities are in the little building. The only class room with adjustable seats is the first grade room.

Mr. Robert Kennett, chairman of the school board and serving his second term, resigned January 22 to serve with the Red Cross organization overseas. He has been an efficient and progressive member of the school board and while he will be missed, the entire personnel of the school organization is proud of his acceptance of this opportunity to serve humanity.

In June your superintendent will have completed nineteen years of service in Conway. The years have slipped by like a dream and a forgetting. There is plenty to forget that should be forgotten but there is more to dream about in the future of our children and children's children through whom we shall live hereafter.

Respectfully submitted,

JOHN H. FULLER

Conway, February 3, 1945.

Report of Headmaster

Mr. John H. Fuller,
Superintendent of Schools:

I submit the following report of Kennett High School for the past year:

Of the 29 graduates of Kennett High School in June, 1944, 3 have been registered at the University of New Hampshire, 2 in business colleges, 3 registered for training as nurses, and one is taking part-time graduate work.

This year's registration as of January 20 totals 199, 1 post-graduate, 33 seniors, 42 juniors, 54 sophomores, 69 freshmen, a total of 89 boys and 110 girls. As of the above date 17 pupils had left school, 10 girls and 7 boys, 4 of whom moved out of town, 2 left because of changed family conditions,

1 entered the merchant Marine, 4 left for employment, 2 for reasons unknown, and 5 because of lack of ability or interest.

The distribution by subject matter is as follows: 198 registered in English, 31 Latin, 41 Modern Languages, 119 Mathematics, 155 Science, 85 Commerce, 81 Industrial Arts, 51 Home Economics, and 91 Social Science. The number taking shop courses, science and mathematics indicates that our pre-induction responsibility is being met with some success.

The attendance record has been better than last year with an average attendance of 96.3%. This record could be improved if parents would schedule dental appointments and eye examinations on non-school days. Days lost from school cannot be made up. Time can be made up but class reaction cannot be replaced. There have been 280 cases of tardiness which is an unreasonable number.

Brief reports from Miss Ricker and Mr. Berry follow.

PROJECTS AND WORK ACCOMPLISHED BY HOME ECONOMICS CLASSES

September 11, 1944 to February 1, 1945

CLOTHING — Clothing selection; study of fibres and fabrics; Red Cross Sewing: utility bags, card table covers, bedsocks, and bedside bags; toys and aprons for Christmas gifts; study of clothing budget; making of dresses and skirts.

FOODS — Study of nutrition; food preservation; planning, preparing and serving, of breakfast; planning, preparing, and serving of luncheon; study of etiquette.

HOME MANAGEMENT — House planning and construction; appreciation of architecture; home furnishings and decorating; making of Christmas decorations and gifts.

FAMILY — Home membership; making shawls for tubercular clinic; family relationships; family finance; Red Cross sewing; child care and training; a study of vocations.

MARTHA E. RICKER

REPORT OF INDUSTRIAL ARTS DEPARTMENT

The popularity of the shop work has made itself manifest again this year when twenty-four freshmen reported for instruction. The sophomore class remained large with twenty-two members. The upper classes do not run high for many reasons.

We are trying to get a new cabinet-making shop set up for 1945-1946. This new shop will make it possible to divide the large classes so that proper instruction can be given. The boys are doing the work of making new benches and helping in the change over.

I am grateful to the Headmaster, Superintendent and School Board for their splendid cooperation.

BYRON A. BERRY.

In reviewing the work of the first half year it seems to me that the general grade of work done has been better than average, the morale of the school good, and the teaching of a grade of which the authorities may be proud. We have been operating on a basis of from 2 to 3 teachers short. Those teachers on the job have been loyal, enthusiastic and willing to assume duties as the need arose.

Yours truly,

E. W. McKEEN,
Headmaster.

REPORT OF SCHOOL NURSE

The following is a summary of the health work done in the schools from September 5, 1944, to February 1, 1945:
Physical examinations done:

Dr. John Z. Shedd, North and East Conway

Dr. Charles E. Smith, Conway and Center Conway

Number of pupils examined by Dr. Shedd 213

Number of pupils examined by Dr. Smith 442

Number of school visits	176
Number of home visits	80
Number of pupils vaccinated	696
Number of pupils excused by Board of Health	2
Number of pupils transported to orthopedic clinic (Laconia)	2
Number of pupils transported to oculist in Wolfeboro	1
Number of pupils transported to optometrist in North Conway	1
Number of pupils attending tuberculosis clinic	5
Number of pupils having chest X-ray	2
Number of pupils excluded for communicable and skin diseases:	
Chicken pox	67
Whooping cough	2
Skin diseases	13
Pediculosis	8

The following data explain the number of pupils having physical defects and their corrections:

<i>Type of Defect</i>	<i>Number of Pupils</i>	<i>Under Treatment</i>	<i>Corrected</i>
Vision	78	3	53
*Teeth	365	0	100
Tonsils	79	0	3
Wax in ears	6	0	0
Orthopedic	4	3	1
Psoriasis	2	2	

*There has been a serious neglect in the dental program. Approximately 25% of the teeth defects have received attention since school opened in September, the remaining group being divided into two sections, those with defects in temporary teeth which in time will be replaced by permanent teeth, and the others with defects in permanent teeth. The six-year molars (the sixth tooth from center to back) are the first permanent teeth coming in about the sixth year. Far too often these teeth are taken for baby teeth and are so badly decayed that

they must be pulled. This is a great tragedy as they are the four corner posts of the mouth.

Valuable assistance has been rendered the year 1944 by the Red Cross, North Conway Community Fund, Salvation Army, Women's Society for Christian Service of the Methodist Church, Sight Conservation Program, and the Public Welfare Service in correcting the following physical defects:

3 Tonsilectomies	Salvation Army
2 Teeth Corrections	North Conway Fund
3 Vision Corrections	Sight Conservation Program
3 Teeth Corrections	Public Welfare Service
1 Vision Correction	Public Welfare Service
1 Tooth Correction	Women's Society for Christian Service
5 Teeth Corrections, Clothing	Red Cross

The interest taken by these organizations is greatly appreciated and is a wise and worthwhile investment for our community.

Respectfully submitted,

JULIA T. COX, R.N.
